Wang Foundation for Sight Restoration, a 501(c)(3) nonprofit charity, is hosting a Chinese New Year celebration at Steinway Piano Gallery, with live music performances featuring Dr. Ming Wang of the [Wang Vision Institute](https://adserver.pressboard.ca/c/link?c=200956&w=174254&l=226856&ref=https%3A%2F%2Fwww.tennessean.com%2Fstory%2Fsponsor-story%2Fwang-vision-institute%2F2020%2F01%2F21%2Fcelebrate-lunar-new-year-live-music-performed-nashville-eye-doctor-jan-23%2F4493794002%2F&s=244263&p=16644&uid=53b69cf2-9b5d-4e1d-8173-84ad278dbbe5&tz=-5) (<https://adserver.pressboard.ca/c/link?c=200956&w=174254&l=226856&ref=https%3A%2F%2Fwww.tennessean.com%2Fstory%2Fsponsor-story%2Fwang-vision-institute%2F2020%2F01%2F21%2Fcelebrate-lunar-new-year-live-music-performed-nashville-eye-doctor-jan-23%2F4493794002%2F&s=244263&p=16644&uid=53b69cf2-9b5d-4e1d-8173-84ad278dbbe5&tz=-5>), and the erhu, a traditional Chinese instrument, at 5 p.m. and 7:30 p.m. on Thursday, Jan. 23. The gallery is located at 4285 Sidco Dr., Nashville, TN, 37204.

Interested in attending this free event with refreshments provided? RSVP by sending an email to [alana@wangvisioninstitute.com](mailto:alana@wangvisioninstitute.com) (<mailto:alana@wangvisioninstitute.com?subject=EyeBall%20Concert%202020>), and call the gallery at 615-373-5901 for more information.

At the event, attendees will also have the chance to purchase Dr. Wang's compelling autobiography, "From Darkness to Sight," and the proceeds of the book sales will be donated to the Wang Foundation for Sight Restoration, which to date has helped patients from over 40 states in the U.S. and 55 countries, with all sight restoration surgeries performed free of charge.

At the EyeBall concert, Dr. Wang will be playing his Chinese violin erhu. "As a teenager," Dr. Wang says, "I had to play the erhu in China, to try to get into a communist song-and-dance propaganda troop, in order to avoid being deported to the poorest parts of the country and being condemned to a lifetime of poverty and hard labor — a devastating fate that fell upon 20 million youth. I eventually made my way to America with only \$50." The autobiography is currently being made into a major motion picture.

Don't miss this opportunity to celebrate the Lunar New Year with a positive event for the whole family! Send an RSVP to [alana@wangvisioninstitute.com](mailto:alana@wangvisioninstitute.com) (<mailto:alana@wangvisioninstitute.com?subject=EyeBall%20Concert%202020%20>), today.

**Dr. Ming Wang**, Harvard & MIT (MD, magna cum laude); PhD (laser physics), is the CEO of Aier-USA and Director of Wang Vision 3D Cataract & LASIK Center. He has received many honors including the Honor Award from the American Academy of Ophthalmology, the Lifetime Achievement Award from the Association of Chinese American Physicians, and Kiwanis Nashvillian of the Year Award for this lifetime dedication to help blind orphan children worldwide.

**Dr. Joshua Frenkel**, MD, MPH, is a graduate of the prestigious Tulane University, where he earned both his medical degree and a Master of Public Health. He completed an advanced anterior segment fellowship at a top fellowship in the country, with an emphasis on micro-invasive glaucoma surgery (MIGS). Dr. Frenkel specializes in a wide range of laser eye surgeries, including LASIK, SMILE and those for glaucoma and cataracts. He is also a dry eye and corneal specialist.

**Wang Vision doctors (Drs. Joshua Frenkel, Marianne Johnson, Julianne Koch, Nathan Rock and Ming Wang)** have performed over 55,000 procedures (including on over 4,000 doctors). They have published nine textbooks, hold several U.S. patents and performed the world's first laser artificial cornea implantation. Wang Vision is currently the ONLY center in the state that performs 3D SMILE & 3D LASIK (18+), 3D Implantable Contact Lens (21+), 3D Forever Young Lens (45+) and 3D Laser Cataract Surgery (60+). They have founded a 501(c)(3) nonprofit charity, Wang Foundation for Sight Restoration, which to date has helped patients from over 40 states in the U.S. and 55 countries with all sight restoration surgeries performed free-of-charge.
